

Alexander Micklewright- Curriculum Vitae

Contact

Name: Alexander Micklewright

DOB: 07/07/1995

Website: <https://tinyurl.com/Alexmprofile>

Based: Hanoi, Vietnam

Education

13 GCSE's

4 A-Levels

NVQ Level 4 Project Management

The Odin Project

Profile

After 6th form, I secured a spot in Lloyds Banking Group's Project Management Apprenticeship Programme, becoming one of their youngest PMs, achieving top 5% performance reviews for 2 consecutive years. Moving to Australia and later Vietnam, I taught at a prestigious International School. In 2022, I began coding with the Odin Project, focusing on full stack web development developing a deep understanding of the topic and the technologies that hold it together.

Web Development

- HTML5, CSS3, JavaScript, React, Git/Github (2+ years)
- NodeJS, Express, MongoDB (1+ years)
- Full stack development: responsive, accessible projects
- Advanced JavaScript (ES6+), React expertise
- Git mastery: branching, merging, pull requests
- Server-side skills: Node, Express, RESTful APIs
- NoSQL proficiency: data modelling, optimization
- Security: OAuth, JWT for authentication
- Cloud deployment: Adaptable, Vercel

Projects

Kiko

A full MERN stack mobile focused events based social app for users to connect in real life events.

Infinitune

A front end only CD store developed to showcase my extensive React skills and ability to work with 3rd party API's.

Moment

A full MERN stack group orientated messaging app that provides a more natural way of convers.

Hidden GPT

An inconspicuous front end tied into Gemini's API to allow users to engage with Gemini from an outlook help page

Toon Finder

A full MERN stack where's Waldo style game where users have to find a tag characters in a picture.

Console.blog

A full MERN stack blog posting site for developers.

Other Work Experience

Project Manager- Lloyds Banking Group

Primary / Secondary School Teacher – UKA International School
